

Join the U.S. Business Delegation at the Largest Smart Grid and Smart Cities Event in Turkey

International Istanbul Smart Grids and Smart Cities Congress and Fair – April 20-21, 2016

Cimperium is organizing a U.S. business delegation to attend the **4th International Istanbul Smart Grids and Smart Cities Congress** to take advantage of this excellent opportunity to meet with key stakeholders leading the way in Turkey's growing smart grid and smart city initiatives. Last year more than **150 exhibitors from 39 countries** participated. The Congress attracted **over 5000** visitors including many international buyer delegations. Major associations in the electricity, gas and water sectors and all of the utilities in these sectors will participate again this year. The Turkish Ministry of Energy and Natural Resources and Turkish Ministry of Science, Industry and Technology support this event.

U.S. Business Delegation Package

- **Hotel Accommodations** - 2 nights (April 19 and 20) at the Lazzoni Hotel, a 5 star hotel conveniently located near the Congress Venue: Halic Congress Center
- **Event Registration** which includes:
 - o Attendance to Program and Exhibition/Fair
 - o Access to VIP Lounge
 - o Coffee Breaks, Badge & Forum Bag
- **Company B2B Meetings** - Cimperium will arrange B2B meetings on your behalf based on your objectives. Potential meetings could be with Turkish utilities, government officials, exhibitors, other by delegates, U.S. Commercial Service, USTDA, etc.
- **Event Support and Coordination** – Cimperium staff will arrange your special registration and hotel accommodations, and be available to assist you onsite to help you meet your business development objectives at this event.
- **Other Opportunities** - As part of the U.S. delegation, you will also have the opportunity to participate in the exhibitor B2B meetings as well as other additional access opportunities.

Participation Fee: \$2,000.00 *Does not include air travel or meals. Additional services are available to make your conference participation more productive, including translation, interpretation, airport transfers, printing, logistics, etc.*
